The creation model includes the scientific evidence and the related inferences suggesting that: 1. The Universe and the solar system were created suddenly.

### **APOLOGETICS PRESS**

Evolutionary creation claims that the Father, Son, and Holy Spirit created the universe and life through an ordained, sustained, and design-reflecting evolutionary process.<sup>1</sup> This view of origins fully embraces both the religious beliefs of biblical Christianity and the scientific theories of cosmological,

### **www.BioLogos.org Evolutionary Creation: A Christian**

Creation science or scientific creationism is a branch of creationism that claims to provide scientific support for the Genesis creation narrative in the Book of Genesis and disprove or reexplain the scientific facts, theories and paradigms about geology, cosmology, biological evolution, archeology, history, and linguistics.

### **Creation science - Wikipedia**

Scientific Creationism delivers a meticulously researched, scientific investigation of the most important aspects of the creation-evolution question. Dr. Henry Morris along with the Institute for Creation Science researchers and consultants allow science to speak for itself without referencing the Bible or other religious literature in this undeniable study of origins.

### **Scientific Creationism by Henry M. Morris - Goodreads**

Scientific Creationism gives equal consideration to both scientific philosophies and offers more scientific reasoning and logical interpretation than most educational textbooks used in today's high school and college classes.
