The Unwanted Exposure of the Self: A Phenomenological Study of Embarrassment Brent Dean Robbins Psychology Department Daemen College Holly Parlavacchio Department of Psychology Allegheny College The self-conscious emotion of embarrassment has been the focus of much attention by phenomenological and cognitive researchers in psychology. However ...

The Unwanted Exposure of the Self: A Phenomenological

Some researchers have recently argued that a four-factor structure best represents the Self-Consciousness Scale. The present study provides evidence that a three-factor structure is superior to a four-factor structure in accounting for the variability among items.

The Self-Consciousness Scale: On the Stability of the

Chapter 4: Behavior, Motivation and Self-Control ... consciousness, the "will," the self, and so on. Psychology has changed, ... study and understand itself. What a phenomenon! 5 Overview of this chapter In this chapter we will concentrate on understanding ordinary

Behavior, Motivation and Self-Control

adults, relatively little is known about self-consciousness, its measurement, and its relationship with social anxiety in youth. In order to set the framework for the current study, a brief review of the literature on self-consciousness and its measurement in adults follows. Self-consciousness is defined as a tendency to direct

The Structure of Self-Consciousness in Children and Young

NEUROSCIENCE OF SELF-CONSCIOUSNESS AND SUBJECTIVITY data provide robust perceptual evidence (based on reaction times and accuracy rates) that self-identification and self-location with a virtual body alters how the brain perceives stimuli applied to the subject's own physical body.

Neuroscience of self-consciousness and subjectivity

This article examines the structure of self-consciousness in people with schizophrenia. The findings indicate that our self-experience is not neutral with respect to the metaphysical status of the self and that it is important to attend carefully to the experience of the subject in order to understand schizophrenia.

Structure of Self-Consciousness in Schizophrenia - Oxford

This study examines how self-consciousness is defined and assessed using self-report questionnaires (Self-Consciousness Scale (SCS), Self-Reflection and Insight Scale, Self-Absorption Scale, Rumination-Reflection Questionnaire, and Philadelphia Mindfulness Scale).
