The Shadow World, but how security is defined and perceived is not given serious analysis later on in the book. Additionally, and in conjunction with the lack of exposition regarding what security means, Feinstein fails to elaborate on why people and economies function in the way that they

The Shadow World - ETH Z

In addition to this domestic system, governments across the world also lend support to the black and gray trades in weapons. The Russian arms trafficker Victor Booth was, two weeks ago, found guilty in a New York court – a rare and extremely welcome victory for those who work towards the elimination of the illegal trade in weapons.

The Shadow World: Inside the Global Arms Trade

Shadow World is a first novel by noted popular science writer Chris Impey. Shadow World inhabits the boundary between narrative fiction and science fiction. It explores the tension between artifacts and natural forms, between reality and illusion, between the science that is and the science that might be.
