PDF | The aim of this paper is to propose a power control strategy for hybrid electrical vehicles. ... Simulation and assessment of power control strategies for a parallel hybrid car.

(PDF) Simulation and assessment of power control

The simulation-based assessments are designed to present dynamic, engaging interactive tasks of established technical quality that test complex science knowledge and inquiry skills that go well beyond the capabilities of print tests.

Using Science Simulations to Support Powerful Formative

mental health assessments and communicating effectively. Sample: This study examined whether engaging standardized patients (SPs) in a simulated home environment enhanced Bachelor of Science in Nursing students' competency (N = 32) in assessment and communication with patients with mental health conditions.

Standardized Patient Simulation Experiences Improves

simulation supports assessment or evaluation of behaviors demonstrated in the domains of learning: cognitive (knowledge), affective (attitude), and psychomotor (skills). Outcome The outcome of formative assessment is the improvement of participants' performance. The outcome of summative
