The Society for Environment and Human Development (SEHD), a non-profit Bangladeshi organization, was founded in 1993 to promote investigative reporting, engage in action-oriented research, assist people think and speak out. Since then SEHD has been through complex times and has attended serious issues of national community interests.

Society for Environment and Human Development

The Southeastern Society (SESAF) is one of 33 multi-state/state societies that make up the national body known as the Society of American Foresters.

Southeastern Society of American Foresters

Technology society and life or technology and culture refers to cyclical co-dependence, co-influence, and co-production of technology and society upon the other (technology upon culture, and vice versa). This synergistic relationship occurred from the dawn of humankind, with the invention of simple tools and continues into modern technologies such as the printing press and computers.
