An Introduction to Sociolinguistics - LU

Variation is a characteristic of language: there is more than one way of saying the same thing. Speakers may vary pronunciation (), word choice (), or morphology and syntax (sometimes called "grammar"). But while the diversity of variation is great, there seem to be boundaries on variation "speakers do not generally make drastic alterations in sentence word order or use novel sounds that are ...

Introduction. Research on dialogue is concerned with the study of how communication takes place through language in conversation. This involves, among other things, investigating what makes a dialogue coherent; how dialogue participants coordinate to take turns in speaking and to achieve mutual understanding; and how knowledge about how dialogue works can be used to design artificial agents ...
