ANSI/AIAA S-120A-201X. Draft for Public Review . American National Standard design, and operational phases of space systems, including their components and subsystems. This standard and the recommended practice apply to space vehicles, upper stage vehicles, injection stages, payloads, reentry vehicles, launch vehicles, and ballistic ...

American National Standard - American Institute of

The AIAA Foundation sponsors design competitions every year. These competitions offer a great opportunity for students to participate in a simulated real-world problem, allowing students to gain experience and receive useful and constructive feedback from technical experts who sit on AIAA Technical Committees.
