A Sonographic Murphy sign refers to a finding when performing diagnostic medical sonography. It is different from the Murphy sign found on physical examination, but both signs are associated with cholecystitis. When the sonographer presses directly over the gallbladder, and the patient expresses pain, more than when the sonographer presses anywhere else, this is said to be a positive sonographic ...

Close and open systems Some bicycle hydraulic disc brakes incorporate a closed system, where the volume of fluid remains the same between the master and slave pistons. Most bicycle hydraulic disc brakes incorporate an open system, where a reservoir contains an additional volume of fluid and a small volume of air.
