School discipline is the actions taken by a teacher or the school organization towards a student (or group of students) when the student's behavior disrupts the ongoing educational activity or breaks a rule created by the teacher or the school system. Discipline can guide the children's behaviour or set limits to help them learn to take care of themselves, other people and the world around them.

Metric spaces for program improvement (pdf, bibtex) . Jennifer Hackett and Graham Hutton. In preparation, 2018. Improvement theory is an approach to reasoning about program efficiency that allows inequational proofs of improvement to be written in a similar manner to equational proofs of correctness.

Graham Hutton: Publications - The University of Nottingham

Nicolas Bourbaki was the collective pseudonym of a group of (mainly French) mathematicians. Their aim was to reformulate mathematics on an extremely abstract and formal but self-contained basis in a series of books beginning in 1935. With the goal of grounding all of mathematics on set theory, the group strove for rigour and generality. Their work led to the discovery of several concepts and ...

As states prepare their budgets for the coming year, they face the challenge of reinvesting in public higher education systems after years of damaging cuts – the product of both the economic downturn and states'™ reluctance to raise additional revenues. In the past five years, state cuts to higher education funding have been severe and almost universal.

Recent Deep State Higher Education Cuts May Harm Students

OWL // Purdue Writing Lab

To complete the cycle of learning one must also look at how students' achievement of learning outcomes is assessed. Assessment is not just the rounding off of the teaching and learning period but to a large extent a central steering element in those processes, and directly linked to learning outcomes.

Approaches to teaching, learning and assessment in
