It was once the case that New Religious Movements were considered to be a symptom of social problems. Now the tide has turned, and much of the world has now come to consider religion in general to be the cause of social malaise 1. Some such as William James defend religion by saying that it is merely human behaviour that causes problems 2, however, despite the sure progress of humankind towards ...

This Bell Curve is, in fact, quite thoroughly debunked. Not the finding that there are racial differences in IQ test scores (this is well known), but the actual thesis of the book, that racial or genetic differences in IQ scores mean that environmental interventions addressed at differentials in adult success are useless.

Thanks to the Amazon Effect, fast and free delivery is the new normal, forcing other online sellers to keep up. However, there's one area of e-commerce where online sellers can still compete logistically with Amazon and big box players: delivery of oversized, larger-than-parcel items, such as furniture, sofas, armoires, mattresses, treadmills, and more.
