eBookstore - McGraw-Hill Education

Strategic thinking is defined as a mental or thinking process applied by an individual in the context of achieving success in a game or other endeavor. As a cognitive activity, it produces thought.. When applied in an organizational strategic management process, strategic thinking involves the generation and application of unique business insights and opportunities intended to create ...

Strategic thinking - Wikipedia

Benchmarking improves performance by identifying and applying best demonstrated practices to operations and sales. Managers compare the performance of their products or processes externally with those of competitors and best-in-class companies, and internally with other operations that perform similar activities in their own firms.
