The belief-desire set of every soul is necessarily an integrated one in the sense that each belief and desire requires many other beliefs and desires to give it meaning and justification. Some beliefs and desires are much more central than others, and these include those that form a person's character. There are normal rational processes of change of belief and desire, often ones caused by ...

derstood as the structure of the body's material parts. Plato introduces the theory in the Phaedo, and Aristotle mentions it in On the Soul. In both instances it is roundly criticized. Given that Plato thinks the soul is independent of the body, it is not surprising that he rejects the harmonia theory.

The reason the soul is obligated to attain the Science of Kabbalah is not that the knowledge itself enlarges the soul. Rather, the soul must attain this science because of the nature of the soul: without having knowledge - Ohr Hochma (the light Hochma ) " the soul is not capable of achieving the level or height for which it was created by the Creator.
