Request PDF on ResearchGate | A Study of the Identification Method of Driving Fatigue Based on Physiological Signals | Driver fatigue is one of the main causes for traffic accidents.

A Study of the Identification Method of Driving Fatigue

recognize the subtler aspects of identification. Brock, for example, writes: "To the extent that the audience accepts and rejects the same ideas, people, and institutions as does the speaker, identification takes place" (p. 445). And Crable notes the "explicit" and "implicit" levels of identification as a rhetorical strategy (see esp.
