Sunn Schematics - Tube amp Schematics

It's topped by the youngest SUNN amp I own which is a Model "T" and the top amp is another Solarus. The seventh and last stack is another 200S cab and on top of it are two of the first SUNN amps ever built know as the "Top control amps" The first one is sitting upright and I sat the top one on it's face so you can see the controls.
