Guidelines and Audits Slaughter Plant Guidelines and Audits Since 1991, the AMI Foundation has encouraged its members to subscribe to voluntary animal welfare guidelines and to embrace auditing programs and they have done so. The meat industry was the first sector in animal agriculture to develop such guidelines and to begin self-audit programs.

Understanding the Entity and Its Environment 1669 internal control. The auditor's primary consideration is whether the understanding that has been obtained is sufficient to assess risks of material mis-

Understanding the Entity and Its Environment and Assessing

An audit is a systematic and independent examination of books, accounts, statutory records, documents and vouchers of an organization to ascertain how far the financial statements as well as non-financial disclosures present a true and fair view of the concern. It also attempts to ensure that the books of accounts are properly maintained by the concern as required by law.
