

taste the fashion pdf

In sociology, taste is an individual's personal and cultural patterns of choice and preference. Taste is drawing distinctions between things such as styles, manners, consumer goods, and works of art and relating to these. Social inquiry of taste is about the human ability to judge what is beautiful, good, and proper.

Fashion is a popular style, especially in clothing, footwear, lifestyle, accessories, makeup, hairstyle and body. [citation needed] Fashion is a distinctive and often constant trend in the style in which people present themselves. A fashion can become the prevailing style in behaviour or manifest the newest creations of designers, technologists, engineers, and design managers.
