Culturally relevant or responsive teaching is a pedagogy grounded in teachers' displaying cultural competence: skill at teaching in a cross-cultural or multicultural setting. They enable each student to relate course content to his or her cultural context. While the term often deals specifically with instruction of African American students in the United States, it has been proven to be an ...

Education is the process of facilitating learning, or the acquisition of knowledge, skills, values, beliefs, and habits. Educational methods include storytelling, discussion, teaching, training, and directed research. Education frequently takes place under the guidance of educators, but learners may also educate themselves. Education can take place in formal or informal settings and any ...
