American military thought and defense discourse at the end of the Cold War. That is, a fundamental shift in the terms and images of military thought and defense planning away from Cold War, nuclear -centric discourse to one dominated by a lexicon of information theory, rapid dominance, and jointness " all oriented on advanced conventional forces.

We enrolled more than 104,000 nurses for military service, prepared 27 million packages for prisoners of war, shipped more than 300,000 tons of supplies, and collected 13.3 million pints of blood for the armed forces. In nearly every American family, someone was a Red Cross volunteer, donor or blood donor, or received Red Cross services.
