Holy moley. What a book! This is the best book on the art of photography I've read. Ever. It was originally published in 1994 - so the book is largely oriented around film photography - but it is completely relevant for digital photography. Perhaps even more than modern books that are devoted entirely to digital.

through photography“whether in front of or behind the camera”is empower-ing and profoundly sexy. A self-declared sensualist, she has been infatuated with visual storytelling since childhood. She has enjoyed life behind the camera since the age of six, when playtime included dressing up with friends and taking pictures.
