The Aryan race is a racial grouping that emerged in the period of the late 19th century and mid-20th century to describe people of Indo-European heritage. It derives from the idea that the original speakers of the Indo-European languages and their descendants up to the present day constitute a distinctive race or subrace of the Caucasian race.

the Aryan race.¹ This assumption of Indian origins for modern Europeans is called the Indo-European, or Aryan hypothesis. I would like to trace its history, explain why it appealed to anthropologists, and show how it delayed their acceptance of evolution.² Background. The Aryan race was created by eighteenth century linguists who be-

people with mental and physical disabilities The assault on mentally and physically disabled people was a central component of the Nazi quest to purify the “Aryan“ race. As Hitler described it, Germany was facing “death of the race“ (Volkstod) caused by the unchecked increase in hereditary illnesses and dis-abilities among the population.
