

### **the book of trees pdf**

The Book of Trees covers over 800 years of human culture through the lens of the tree figure, from its entrenched roots in religious medieval exegesis to its contemporary, secular digital themes. With roughly 200 images the book offers a visual evolutionary history of this universal metaphor, showing us the incremental adoption of a stylized, abstract construct, as well as a recent emergence of new visual models, many employing advanced computer-generated algorithms.
