America After 3PM spans a decade of data chronicling how children spend the hours between 3 and 6 p.m. — the hours after school ends and before parents typically return home from work. It highlights the trends of afterschool program participation, documents the benefits associated with participation in afterschool programs, and measures public support for afterschool programs.

Batthyany, A., Russo-Netzer, P. (Eds.). (2014). Meaning in Positive and Existential Psychology. Springer. This book is only partially about positive psychology, as it is an attempt to merge ideas from both positive psychology and existential psychology. The idea behind this merging is to glean some idea of meaning from the teachings of both of these fields.
