ABSTRACT. This text seeks to reflect on the central role teachers should play in processes leading to curriculum reform. Bearing in mind that the implementation of proposals focussing on the classroom context is directly dependent on the role played by the teacher, we would like to stress the need for this player to take on a leading role from the start of any such project.

Women's suffrage in the United States of America, the legal right of women to vote, was established over the course of more than half a century, first in various states and localities, sometimes on a limited basis, and then nationally in 1920.. The demand for women's suffrage began to gather strength in the 1840s, emerging from the broader movement for women's rights.

ABSTRACT. INTRODUCTION: The Attention Deficit Hyperactivity Disorder (ADHD) is considered a worry by educators, especially during school time. Characterized by inattention, hyperactivity and impulsivity, it affects 3-5% of children. It is a neurobiological disorder of genetic cause which appears in childhood and often accompanies the individual throughout his life.
