

the darien gap travels pdf

The Darien Gap: Travels in the Rainforest of Panama is a non-fiction book, written by Canadian writer Martin Mitchinson, first published in August 2008 by Harbour Publishing.

The Darien Gap - Wikipedia

For the next four centuries, pirates, gold miners, rebels, and political schemers all gravitated to Darien. Scotland failed miserably in its attempt to establish a colony. An American Navy expedition wandered lost in its jungle for two months with seven men dying, and countries fought to control the region's traffic and trade.

The gap measures just over 160 km (100 mi) long and about 50 km (30 mi) wide. Road building through this area is expensive, and the environmental cost is high. Political consensus in favor of road construction has not emerged.

Darien Gap – Travel guide at Wikivoyage

The Darien Gap For centuries its mystery lured and seemingly swallowed up ill-prepared explorers in its canopied, labyrinthine jungles. Travel writer, Hilary Bradt, describes it as a “swampy wasteland crawling with venomous creatures, ready at a moment’s notice to suck unsuspecting explorers into its oozing depths”.
