

the election of israel pdf

Elections in Israel are based on nationwide proportional representation. The electoral threshold is currently set at 3.25%, with the number of seats a party receives in the Knesset being proportional to the number of votes it receives. The Knesset is elected for a four-year term, although most governments have not served a full term and early elections are a frequent occurrence.

Elections in Israel - Wikipedia

Background. The 2006 election was the second election for the Palestine Legislative Council; the first election having taken place in 1996. Elections had been postponed for many years due to discord between Fatah and Hamas.
