Visual brand language is the unique "alphabet" of design elements – such as shape, color, materials, finish, typography and composition – which directly and subliminally communicate a company's values and personality through compelling imagery and design style. This "alphabet", properly designed, results in an emotional connection between the brand and the consumer.

Interactive Periodic Table of the Elements, in Pictures

Everybody immediately responds to subject matter in art. A picture of a butterfly and a picture of a snake do not get the same response. In addition to subject matter*, the formal aspects of visual composition are like the grammar of a language. In writing, a story is written with words - subject matter. Like good literature and good poetry is more than words and subject matter, art is more ...
