

### **the english languages pdf**

English is an Indo-European language and belongs to the West Germanic group of the Germanic languages. Old English originated from a Germanic tribal and linguistic continuum along the coast of the North Sea, whose languages are now known as the Anglo-Frisian subgroup within West Germanic. As such, the modern Frisian languages are the closest living relatives of Modern English.

### **English language - Wikipedia**

The English word language derives ultimately from Proto-Indo-European *\*dn̥ǵʰwéh₂s* "tongue, speech, language" through Latin *lingua*, "language; tongue", and Old French *language*. The word is sometimes used to refer to codes, ciphers, and other kinds of artificially constructed communication systems such as formally defined computer languages used for computer programming.
