Development and Development Paradigms 1 A (Reasoned) Review of Prevailing Visions 1 SUMMARY This paper attempts to sketch prevailing development paradigms, i.e. the definition of modalities to achieve development, based on either a codified set of activities and/or based on a vision regarding the functioning and evolution of a socio-economic system.

### **Development and Development Paradigms**

Environmental communication is also an interdisciplinary field of study that examines the role, techniques, and influence of communication in environmental affairs. Basically, it studies the activity and in doing so, it draws its theory and methods primarily from communication, environmental studies, psychology, sociology, and political science.
