justice motive from two broad theoretical perspectives. The first is the theory of social exchange. That theory suggests that people are self-interested in their judgments and choices. Their concern about justice develops from a desire to maximize their own gains in interactions with others. The second

IRLE WORKING PAPER #61-95 March 1995

Beginning with the assumption that a justice motive exists, the author posits that belief in a just world influences the behavior of most people most of the time. This is true for all people of all ages and in all areas of life, for those struggling with their daily tasks as well as for those coping with a critical life event.

INTENT AND MOTIVE ARE DIFFERENT: Except When They Aren't . Motive and intent are different things in the law, but they are always intertwined. The difference was explained by Justices Alito and Thomas in their dissent in *Rosemond v. United States*, 134 S. Ct. 1240 (2014):1 The Court confuses two fundamentally distinct concepts: intent and motive.
