It is generally assumed that Fula is a language, that is, a single language, with a number of dialects. In this sense, a dialect is regarded as a geographical variety of a language, spoken in a certain area, and being different in some linguistic items from other geographical varieties of the same language.

1 Introduction: What is language? Key terms Idiolect Language community Language Language conventions Arbitrary sign Iconic sign Fluency Communicative competence Critical period Universal grammar Linguistics Descriptive linguistics Overview In this chapter you'll learn about the complex relationship between language and identity.

### **1 Introduction: What is language? - Assets**

Even though Tunisia is an Arab country where Arabic is the official language, the current language situation is complex and dynamic. Over the last 100 years or so, and particularly since independence from France in 1956, different generations of Tunisians have had different experiences with the languages used in the social and work environment, the educational system, government, and the media.

DIGLOSSIA: AN OVERVIEW OF THE ARABIC SITUATION Morad Alsahafi King Abdulaziz University  
ABSTRACT: One of the most distinctive features of the Arabic language is the existence of diglossia. Arabic largely exists in a diglossic situation, which is manifested through the co-existence of Standard Arabic and Colloquial Arabic (Ferguson, 1959).
