Reviewing the LAW ¶ 17 The simplest rule that results from the LAW is: You should strive to compete to the level of the number of trumps held by your side. This means that if your side has eight trumps, you should

bid to the two-level. With nine trumps you are safe at the three- level, and so on.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process.

### **The New Hoyle: Containing Easy Rules for Playing the Games**

The laws of whist published in A Short Treatise on the Game of Whist were regarded as authoritative until 1864, after which time it was superseded by the new rules written by John Loraine Baldwin and adopted by the Arlington and Portland clubs.

### **Edmond Hoyle - Wikipedia**

By this time whist was governed by elaborate and rigid rules covering the laws of the game, etiquette and play which took time to study and master. In the 1890s, a variant known as bridge whist became popular which eventually evolved into contract bridge .

### **Whist - Wikipedia**

Hoyle's laws of 1760, revised by members of White's and Saunders's, ruled whist until 1864, when they were superseded by the code drawn up by the Arlington (now Turf) and Portland clubs (Cavendish, p. 51). After Hoyle's death C. Jones revised many editions.
