A debate exists within the United States government, and American society at large, over whether the one-cent coin, commonly called the penny, should be eliminated as a unit of currency in the United States. Several bills introduced in the U.S. Congress would have ceased production of pennies, but none has been approved. Such bills would leave the nickel, at five cents, as the lowest-value coin ...

Scientific opinion on climate change is a judgment of scientists regarding the degree to which global warming is occurring, its likely causes, and its probable consequences.. A relatedâ€”but not identicalâ€”term, "scientific consensus on climate change," is the prevailing view on climate change within the scientific community. The consensus is that: Earth's climate has warmed significantly ...
