John Stuart Mill (20 May 1806  $\text{--}$  8 May 1873), usually cited as J. S. Mill, was a British philosopher, political economist, and civil servant. One of the most influential thinkers in the history of liberalism, he contributed widely to social theory, political theory, and political economy. Dubbed "the most influential English-speaking philosopher of the nineteenth century", Mill's conception of ...

### **John Stuart Mill - Wikipedia**

A cotton mill is a building housing spinning or weaving machinery for the production of yarn or cloth from cotton, an important product during the Industrial Revolution in the development of the factory system.. Although some were driven by animal power, most early mills were built in rural areas at fast-flowing rivers and streams using water wheels for power.
