

the nurse mentor and pdf

mentoring in nursing is limited [2]. The purpose of this paper is to examine the concept of mentoring, and its relevance to nursing leaders. This concept analysis will be guided by the framework outlined by Walker and Avant [3] which includes defining the concept, identifying usage of the concept, and a literature review.

A Concept Analysis of Mentoring in Nursing Leadership

Chapters are tied closely to the NMC standards, and cover essential topics including assessment, the role of the sign-off mentor and team-working. The Nurse Mentor's Companion is valuable reading for all nurses taking mentoring courses across the UK, and as they go on to mentor in practice.

2 The effective mentor - Nursing-IUG

Mentoring is defined as a voluntary, mutually beneficial, and long-term relationship where an experienced and knowledgeable leader (mentor) supports the maturation of a less experienced nurse (mentee). This Resource Guide recommends the adoption of formal mentoring initiatives characterized by intentional learning.

A Resource Guide for Implementing Nursing Mentorship in

Mentors do more than teach skills; they facilitate new learning experiences, help new nurses make career decisions, and introduce them to networks of colleagues who can provide new professional challenges and opportunities.

From Novice to Expert to Mentor: Shaping the Future

The NMC (2006) state that nurses who take on the role of mentor must be registered with the NMC and be on the same part of the register as the student they assess. Mentors are expected to have been on the register for at least 12 months and have completed an NMC-approved
