### **Home – Parliament of Australia**

In modern politics and history, a parliament is a legislative body of government. Generally, a modern parliament has three functions: representing the electorate, making laws, and overseeing the government via hearings and inquiries. The term is similar to the idea of a senate, synod or congress, and is commonly used in countries that are current or former monarchies, a form of government with ...

The Parliament of Canada (French: *Parlement du Canada*) is the federal legislature of Canada, seated at Parliament Hill in Ottawa, the national capital. The body consists of the Canadian monarch, represented by a viceroy, the Governor General; an upper house, the Senate; and a lower house, the House of Commons. Each element has its own officers and organization.
