

the politics of water pdf

Water politics, sometimes called hydropolitics, is politics affected by the availability of water and water resources, a necessity for all life forms and human development. The first use of the term, hydropolitics, came in the book *Hydropolitics of the Nile Valley*. Arun P. Elhance's definition of hydropolitics is "the systematic study of conflict and cooperation between states over water ..."

Water politics - Wikipedia

Politics (from Greek: *πολιτική*, translit. *PolitikḄi*, meaning "affairs of the cities") is the process of making decisions that apply to members of a group. It refers to achieving and exercising positions of governance—organized control over a human community, particularly a state. The academic study focusing on just politics, which is therefore more targeted than all Political science ...
