In typography, the law of similarity just means to keep your styles consistent on elements that serve the same function. Group of elements should also look similar to other groups that serve the same function, for example: the visual styles of one blog post should look similar to another blog post.

Typography Handbook

The art & practice of typography : a manual of American printing, including a brief history up to the twentieth century, with reproductions of the work of early masters of the craft, and a practical discussion and an extensive demonstration of the modern use of type-faces and methods of arrangement
