Queer theory is a part of the field of queer studies whose roots can be found in women's studies, feminist theory, and gay and lesbian studies, as well as postmodern and poststructuralist theories.

### **(PDF) Queer Theory - ResearchGate**

This sense of queer theory's built-in obsolescence might be read as evidence less of queer theory's inevitable decline than its transitory and always transformational potential. Indeed suspicion about the ongoing usefulness of queer theory is a better measure of its viability than widespread institutionalization and normalization.
