In the common view, political representation is assumed to refer only to the political activities undertaken, in representative democracies, by citizens elected to political office on behalf of their fellow citizens who do not hold political office. However, the lack of consensus in the political literature on political representation belies this common view.

INTRODUCTION. While many Americans continue to struggle with unemployment and financial distress in the aftermath of the Wall Street crisis of the late 2000s, it is increasingly recognized that these acute problems are symptomatic of deeper negative trends in our economy, decades in the making.

### **What Is Our Public GDP? Valuing Government in the Twenty**

In the past, home equity and savings provided a buffer against hard times and decreased household economic stability. Yet in recent decades, financial deregulation and the aggressive marketing of toxic loans have preyed on Americans' aspirations to build assets, fueling an unsustainable housing bubble that began to deflate in 2006.

Scores of foreign investment establishments were destroyed during the protests that initially started as an opposition to the Addis Ababa city Masterplan, which Oromo farmers considered a land-grabbing campaign to take their farms.. However, the protests that were initially a rejection of the Addis Ababa city master plan,

developed into demands of political rights and national reforms.
