### **CHAPTER 40 Cognitive rehabilitation - eaneurology.org**

What is cognitive rehabilitation? Cognitive rehabilitation is a goal-oriented program that aims to improve cognitive functions (memory, attention, and concentration) and daily living skills (i.e. using the telephone, managing medication, and handling money) that may have been affected by your stroke. The rehabilitation program is developed according to each client's specific needs.

### **Information for Patients and Families - Stroke Engine**
