Download PDF: The Rhetorical Turn: Invention and

Rhetorical invention is both a practice and its teachingâ€”the capacity to create effective communication, and the instruction in this capacity. Teachers of rhetoric have provided over time a rich and durable supply of pedagogical resources for crafting communication in speech, writing, and multi-modal composition.

Five Canons of Rhetoric - RhetInfo - Blog

Rhetoric of science is a body of scholarly literature exploring the notion that the practice of science is a rhetorical activity. It emerged following a number of similarly-oriented disciplines during the late 20th century, including the disciplines of sociology of scientific knowledge, history of science, and philosophy of science, but it is practiced most fully by rhetoricians in departments of English, speech, and communication.
