The year 1982 was a desperate time for the U.S. defense community. The United States had no effective system to protect itself completely from a Soviet attack with nuclear-armed intercontinental ballistic missiles, which the Soviet Union possessed in large quantity, and the doomsday philosophy of mutually assured destruction seemed inescapable.

In The Star Wars Enigma: Behind the Scenes of the Cold War Race for Missile Defense, Nigel Hey wades into the middle of both debates. A science and technology writer and a retired senior administrator of Sandia National Laboratories, Hey attempts to answer those questions by interviewing key players on Reagan's national security team and in the R&D community, consulting the published literature, and talking with several influential Russian scientists.
