

the state democracy and pdf

Democracy (Greek: $\delta\epsilon\mu\kappa\rho\alpha\tau\acute{\alpha}\nu\alpha$, literally "rule by people"), in modern usage, has three senses – all for a system of government where the citizens exercise power by voting. In a direct democracy, the citizens as a whole form a governing body and vote directly on each issue. In a representative democracy the citizens elect representatives from among themselves.

Democracy - Wikipedia

The great struggles of the twentieth century between liberty and totalitarianism ended with a decisive victory for the forces of freedom – and a single sustainable model for national success:

The National Security Strategy - U.S. Department of State

The Department of State's centralized forms program provides customers worldwide with standardized electronic forms that meet all legal requirements.

Athenian democracy developed in the Greek city-state of Athens, comprising the city of Athens and the surrounding territory of Attica, around 600 BC. Athens was one of the very first known democracies. Other Greek cities set up democracies, and even though most followed an Athenian model, none were as powerful, stable, or well-documented as that of Athens.
