Follow ups. I have captured the files using wget and they are identical.. I have had a look at the request and response headers using fiddler and they make no explicit mention of "Range" in the response header (or Accept-range in the request header), which lessens the likelihood that this is the multi-part request problem as suggested by mwalker.

The setting for intellectual rigour does tend to assume a principled position from which to advance or argue. An opportunistic tendency to use any argument at hand is not very rigorous, although very common in politics, for example. Arguing one way one day, and another later, can be defended by casuistry, i.e. by saying the cases are different.. In the legal context, for practical purposes, the ...

New Criticism. A literary movement that started in the late 1920s and 1930s and originated in reaction to traditional criticism that new critics saw as largely concerned with matters extraneous to the text, e.g., with the biography or psychology of the author or the work's relationship to literary history.
