

therapy pdf

What is Narrative Therapy? A Definition. Narrative therapy is a form of therapy that aims to separate the individual from the problem, allowing the individual to externalize their issues rather than internalize them. It relies on the individual's own skills and sense of purpose to guide them through difficult times (Narrative Therapy, 2017).

19 Narrative Therapy Techniques, Interventions

Examples of Materials That Can Be Adapted For Therapy a collection of resources by Judith Maginnis Kuster. The following is one section of Judith Kuster's Net Connections for Communication Disorders and Sciences (www.communicationdisorders.com).
