Wherever I go, Im watching, he liked to say. Even on vacation, when Im in an airport or a railroad station, I look around, snap pictures, and find out how people do things. In relating his discoveries to children, he expanded not only their vocabularies, but their understanding of the busy world as a social community in which people work, play, cooperate and share.

That's the premise of a new children's book, Bicycles, Airships, and Things That Go!. The 30 colorful pages, intended for kids 3 to 8, take a cue from the classic children's technology picture books from the 1950s and 1960s, spinning a new tale for the age of environmentalism and climate change. . . .
