

thinking in the future pdf

Strategic thinking is defined as a mental or thinking process applied by an individual in the context of achieving success in a game or other endeavor. As a cognitive activity, it produces thought.. When applied in an organizational strategic management process, strategic thinking involves the generation and application of unique business insights and opportunities intended to create ...

Strategic thinking - Wikipedia

Design thinking refers to the cognitive, strategic and practical processes by which design concepts (proposals for new products, buildings, machines, etc.) are developed by designers and/or design teams. Many of the key concepts and aspects of design thinking have been identified through studies, across different design domains, of design cognition and design activity in both laboratory and ...
