Three Decades of Engendering History collects ten of Antonia I. Castañeda's best articles, including the widely circulated article "Engendering the History of Alta California, 1769-1848," in which Castañeda took a direct and honest look at sex and gender relations in colonial California, exposing stories of violence against women as well as stories of survival and resistance.

During the second decade when the state was in economic crisis, policy interventions were mainly contractionary and low note on local ownership and social acceptance. Third decade policymaking was under highly untenable social, political, and economic conditions. A climate of siege and anxiety prevailed within state and civil society.

The History Manifesto is a call to arms to historians and everyone interested in the role of history in contemporary society. Leading historians David Armitage and Jo Guldi identify a recent shift back to longer-term narratives, following many decades of increasing specialization, which they argue is vital for the future of historical scholarship and how it is communicated.
