

### **toxicology the science of pdf**

Toxicology developed as a modern science during the 20th century, particularly after the Second World War, at least partly in response to the rapid development and production of many new drugs and industrial chemicals. Thus, toxicology, ancient in practice, came to be known simplistically as the science of poisons.

### **Module I - Introduction to Toxicology and Dose-Response**

Now in full color, and thoroughly revised, the eighth edition of Casarett & Doull's TOXICOLOGY: The Basic Science of Poisons not only delivers a comprehensive review of the essential components of toxicology, it offers the most up-to-date, revealing, and in-depth look at the systemic responses of toxic substance available anywhere.
