Time Spent in Home Production in the Twentieth-Century

PDF | During most of the twentieth century, cardiovascular mortality increased in the United States while other causes of death declined.

(PDF) Did the 1918 influenza cause the twentieth century

This article presents new estimates of time spent in home production in the United States during the twentieth century. Historical time-diary studies for various segments of the population are linked to estimates from recent time use surveys.

Time Spent in Home Production in the Twentieth-Century

READING: The United States and Germany during the Twentieth Century presents a wide ranging comparison of American and German societies during the late 19th and 20th centuries. The two countries - the world's leading "rising powers" of the time - were both more similar and more different than is widely understood.
